VI. Read the passage. Then answer the questions. (2pts)

Summer is on its way and school in our city starts planning to improve water safety awareness for children. The aim of the program is to teach primary and secondary students about water safety. Followings are some of the advices that every kid should clearly remember.

You should carefully listen to the pool lifeguards, always swim with an adult and stay away from the deep end.

You shouldn't run or walk carelessly around the pool edge or the bank of the river.

Swimming can be fun but accidents can happen. Being aware of risk is the safe to water play.

1. Who starts planning to improve water safety awareness for children?

→ _____

2. What is the aim of the program ?
